## THE ADVANTAGES OF JEAN MULLER NEW ZEALAND LIMITED

German Engineering – Expertise & Innovation – Continuity of Supply

Dear valued customers,

You know Jean Muller NZ Ltd as the local supplier of Jean Muller LV Fused Switch Disconnects, fuses, cabinets and accessories in NZ and the South Pacific Islands.

As well we are a well-respected supplier of locally customised cable distribution cabinets and switchgear racks to meet our customer's requirements typically utilising the JM brand.

Being a subsidiary of JM Germany we have the advantage of clear and prompt product/technical support, there is no need to work through agents or intermediaries, your enquiry is handled locally as we are the JM factory representatives.

We keep stock in NZ of the JM products found in our catalogue.

Online you can visit our web page <http://www.jeanmueller.co.nz/> here you will find our range of LV products, click the product tab and the catalogue cover presents, with icons that give links to PDF version of our products by category.

Look out for the Manufacturing icon which has a document with some of our local manufactured in NZ cabinets and busbars, to give you an idea of our capability.

New to our capabilities tab on the homepage is the Jean Muller NZ Manufacturing brochure, this document gives a pictorial and written overview of the Jean Muller NZ business, heritage and shows our core advantages as your supplier of LV Fused Switch Disconnects and customised solutions.

For further support or information please contact the NZ team, details below and on the contact tab of our homepage.

Regards

**Mark Ellerton**
