# INTRODUCING...

2015 Newsletter Issue 2

# **KETO RANGE**

- One system, four sizes, full safety
- Maximum Safety for installer and operator
- Always the right system for your application
- Solutions downs to the smallest detail
- Uniform cover cutout for all sizes
- Locking device max
  6mm shackle diameter

# **KETO - The New Generation**

# **NH-FUSE SWITCH DISCONNECTOR**

Compatibility, efficiency, technology and design ~ KETO

- Size 00 -160A Overall width: 106mm system size: 195mm
- Size 1 250A Overall width: 184mm system size: 300mm
- Size 2 400A Overall width: 210mm system size: 300mm
- Size 3 630A Overall width: 250mm system size: 300mm

Sliding window openings in the handle offer convenient access for the voltage tester. This contributes to the high protection level, which KETO provides in operating condition.

### KETO – one system, four sizes, full safety

KETO disconnectors can be combined regardless of the size. Different dimensions are adjusted to a uniform cover cut-out with the available components for touch protection. Many functions are integrated across all construction sizes, e.g. four cover support levels at 32, 60, 70 and 90mm above top of busbar. This ensures an optimal system integration. Versions for baseplate mounting, busbar and DIN rail mounting offer the suitable solution for each application.

#### **Options for all conditions**

Depending on the installation situation the specifications vary, options are available. Various types of terminals, four different clamping systems and many further equipment options – KETO is the option for all installation conditions.

**Power theft protection** Tamper proof locking of windows Selective fault indicationone red LED per phase

Fuse monitoring ES light

#### Electronic fuse monitoring

The all-round solution for AC400-500V, with stand-by indicator, fault simulation and selective fault indicator for fuse failure

**Feeding clamp** Touch protected feeding clamps 25-95mm for KETO-00, terminal M8

#### **Busbar 3-Phase**

Touch protected feeding system for up to five KETO-00
